

COUNCIL WORK SESSION MEETING SUMMARY MINUTES

June 25, 2025 6:00 P.M.

Mayor & City Council

Mayor Anthony S. Ford At-Large
Mayor Pro Tem LaKeisha Gantt – Council District 1
Councilmember Alphonso Thomas – Council District 2
Councilmember Kyle D. Berry, Sr. – Council District 3
Councilmember Yolanda Barber – Council District 4
Councilmember Elton Alexander – Council District 5

Administration

Vacant – City Manager
Vanessa Holiday – City Clerk
Frank Milazi – City Treasurer
Quinton Washington – City Attorney

Mission: To provide visionary leadership and superior municipal services that enhance the quality of life for citizens while creating a welcoming business atmosphere focused on sustainability and expansion of tourism and cultural events.

The meeting was called to order by Mayor Ford at 6:04 p.m.

Invocation by: Councilmember Berry

The Pledge of Allegiance was recited by all in attendance.

City Clerk, Vanessa Holiday was asked to proceed with a verbal roll call. All members were present except Mayor Pro Tem Gantt and Councilmember Thomas.

Motion to adopt the Agenda was made by Councilmember Alexander; seconded by Councilmember Berry. The motion passed unanimously 3-0.

PUBLIC COMMENTS

Mr. Paul Turner made comments regarding the termination of Harold Young's contract and other contracts associated with the Amphitheater; commented on the city's liability insurance renewal; raised questions about oversight of the city's financials; questioned the redaction of records; and payments for artists for rescheduled concerts due to weather.

Ms. Connie Snow attempted to yield her time to Mr. Turner. Mayor Ford asked for a legal opinion for Public Comment rules. Attorney McCulloch stated she was advised that the Council does not have a policy in place to allow commenters to yield their time to another person. Ms. Snow waived comments at this time.

Ms. Marion Calhoun referenced a program to assist and address the needs of homeless individuals and address sex offenders who prey on the community; and stated the excess funds used at the amphitheater could have been used in other ways to help Stockbridge residents.

Ms. Anne Fields made a request to the Council to purchase the homes of the residents behind the Amphitheater who are being subjected to the unbearable noise, stating the homeowners are willing to sell, and that the situation would be ideal, especially hearing of the city's financial downfall.

Mr. Willie Carter stated there needs to be an oversight committee established, noting there is no safeguard between the Ethics Committee and the City Council; and referenced a comment made by a Councilmember during the Juneteenth event that was not appropriate.

Mayor Pro Tem Gantt joined the meeting at 6:16 p.m.

REVIEW OF THE MINUTES

1. Review of the June 9, 2025 Council Meeting Minutes
Review of the June 16, 2025 Special Called Meeting Minutes
No Action Taken

PRESENTATION

2. Wayfinding Project Update
Presented by Gerald Sanders, Economic Development Director, and Dominic Heritage of Sky Design and Sheryl Woodson of DeNyse Co. Mr. Sanders noted the Wayfinding Project was underway with signage being installed in Phase I and introduced Mr. Heritage to lead the presentation.

Mr. Heritage introduced himself and Ms. Woodson, the sign fabricator, and noted Phase I of the project was nearing completion; and that Phase II would begin soon and is more of the bread and butter of the project as it encompasses the gateway signs, and installation is scheduled to be completed by October 2025; and noted Phase III involves GDOT and includes the heavier signs along the right-of-way and are the large gateway signs, with a discrepancy identified by GDOT whereas the City of Stockbridge and Henry County have applied to place signage in the same area of I-75 south, and GDOT will only allow one sign. Mr. Heritage encouraged the city leadership to meet with the County as the matter is currently at a standstill; and noted another discrepancy identified by GDOT for the sign placement at Hudson Bridge/Rock Quarry Rd. exit, and suggested the sign be placed at the Jodeco Rd. exit.

Mayor Pro Tem Gantt stated she did not recall Council approval of signage being placed at the Hudson Bridge Rd. exit, and that the gateway signs are supposed to replace the city's current wooden signs within the city limits.

Mr. Heritage noted there is currently no Plan B for the I-75 Gateway signage, and that Phase III may be completed by early 2026, but unfortunately, there is no solid timetable at this time.

Mayor Pro Tem Gantt asked staff to meet with the County and bring a solution to the gateway sign issue and establish a Plan B.

Mr. Heritage noted the city's request for Digital Signage with one location outside of City Hall behind the retaining wall, and the 2nd sign being placed in the monument on Eagles Landing, both costing \$117,000.00 each; and referenced directional signage at the Amphitheater and MLK Sr. Heritage Trail.

Councilmember Alexander noted the recommended placement of signage along MLK Sr. Heritage Trail and the Amphitheater are too close in proximity, and suggested the signage be placed in the Jodeco development as a marketing tool to drive traffic to the downtown area; and to change out the bricks at the Merle Manders Conference Center signage to brick veneers; and referenced a sidewalk widening project coming forward to change the sidewalks from 5' to 8' from Lee Street to East Atlanta Rd. along North Henry Blvd.

Mayor Ford asked staff to provide a cost to the Council to potentially resurface the brick at the Merle Manders Conference Center and place a sign in the Bridges of Jodeco.

Mr. Heritage noted Phase I concludes their work, noting they can continue with the mapping signs, or the city can use their in-house GIS staff.

Mayor Pro Tem Gantt noted the maps for the downtown are for the live, work, play for the downtown environment, and that developing downtown maps will be for the specific area, and are replaceable whereas when new retail or developments come in, the signs can be updated, and noted Phase I of the Trails project starts downtown.

Councilmember Barber referenced the wayfinding locations, reminding everyone of the newly annexed areas as the true gateways to the city, and noted State Hwy. 42, Valley Hill Rd. and Stagecoach Rd. will need gateway signs installed.

Mr. Heritage noted the Digital Signs will be informational and will allow for programming by the city.

Councilmember Barber requested a listing of all signage locations within the city limits and reiterated the newly annexed gateway entry points.

Councilmember Berry commended Mr. Heritage and Ms. Woodson on the quality of the signs and looks forward to Phase II.

Councilmember Alexander invited DDA Board Members to express their opinions on the city's Wayfinding project and sign installations.

Mr. Warren Washington, DDA Vice Chair, agreed the signage needs to be utilized as a marketing tool to drive business to the downtown area.

Mr. Kenya Cook, DDA Chair, stated he was not impressed with the color scheme, and appreciated the effort.

Mayor Pro Tem noted the full project has three phases with Directional Signage and Gateway signage and mapping to be placed throughout the city, and the overall project is impressive and needs to be viewed in totality.

Councilmember Alexander agreed, noting the city visiting Avalon, and implemented those standards here in Stockbridge.

Mr. Heritage noted there will be two programmable kiosks installed and would provide information on what is happening in the downtown and surrounding area.

Mr. Washington noted the digital sign as you enter the city of Morrow from the exit ramp.

Mayor Ford thanked everyone, and requested follow-up as recommended during the presentation.

3. CID (Community Improvement District) Presentation

Presented by Malaika Rivers, Pontem Resources

Ms. Rivers referenced her thirty years of experience and background with CIDs, and that she led the first CID in the State of Georgia; noted her experience includes Special Service Districts (SSD) and Community Improvement Districts (CID) implementation; noted she presented to the Henry County Board of Commissioners regarding a CID on Jonesboro Rd. and Eagles Landing Pkwy. and was advised to present to the City of Stockbridge; gave background on CID's, noting they are public/private partnerships where commercial businesses tax themselves, are governed by the commercial property owners with a board of directors who collaborate for commercial businesses only, and assess a millage rate between 3% and 25% and would need 2/3 or 75% buy in of the approved area; noted the Henry County Tax Office certifies the district and collects and distributes the taxes; noted the importance of separating the mixed-use parcels ID numbers, and noted based on her experience, she estimates the Eagles Landing Pkwy. CID would require a minimum of six months of education for the business owners, and if approved, the implementation could take 3-4 years.

Ms. Rivers also referenced a BID (Business Improvement District), whereas a tax could be assessed on business and residential properties.

Councilmember Alexander noted the Eagles Landing Community Association currently assess fees to homeowners to maintain the Eagles Landing Pkwy. and noted the City Council approved a Resolution to consider a CID in 2017/2018 with Nickleworks for a CID along the Hwy.138 corridor, that unfortunately did not move forward.

Mayor Pro Tem Gantt noted for the record that a CID would have business owners would tax themselves, not residents, and hopes it works out for the County and for the City.

NEW BUSINESS

4. Council Consideration to approve the FY2024 Budget Amendment Presented by Frank Milazi, City Treasurer
Mr. Milazi reviewed the FY2024 Budget Amendment as required to complete the audit, noting only the City Council has authority to move/reallocate funds, and that staff and management has not followed procedures, and over the years, has let the citizens down and has let the elected officials as a result.

Mr. Milazi noted there has been non-budgeted funds spend, and the report as presented references amendments highlighted in blue to show the adjustments from what was originally adopted by the City Council for FY2024; and noted the numbers may change after the audit has been completed.

Mr. Milazi noted the FY2024 budget was adopted at \$26 million, and the total spent at this point was \$29 million, noting expenses were concealed, and not properly reported under the true expense.

Mayor Pro Tem Gantt noted that when staff presented to the City Council, there was a reference to the funding source for the purchase.

Mr. Milazi stated no one has the authority to move or reallocate funding over \$50,000.00, noting it has happened, and staff has let you down, and has not been honest.

Mayor Pro Tem Gantt asked the City Clerk if there is a record of any requests for budget amendments for the last four years.

Ms. Holiday stated that she cannot respond to the requests that have been made for budget amendments, however, did recall budget amendments that were made in 2021, and the budget amendment in the amount of \$500,000.00 in August of 2024, but did not recall other budget amendments in 2022, 2023 or 2024.

Mr. Milazi reviewed accounts line-item adjustments throughout various departments, noting some accounts were overstated, and others were understated.

Councilmember Alexander stated that the city bonded the Amphitheater at a good time when interest rates were low, and that helped to be able to payoff the Amphitheater in August of this year; and stated the information presented regarding financial transactions is shocking and that he is disappointed to hear that incorrect information was provided to the auditors and to the Council, and thanked Mr. Milazi for bringing forward the corrections with new policies and procedures in place that were approved by the City Council upon his arrival and again during the Council Retreat earlier this year in February, noting the city's \$50,000 policy is clear, and anything beyond the \$50,000 threshold should have been presented to the City Council for approval, and it was not.

Mr. Milazi confirmed.

Mayor Pro Tem Gantt referenced revenue accounts where funds were budgeted low, and excess of funds was received well beyond what was budgeted, specifically hotel/motel where the projected revenue was understated, noting additional hotels are due to come online.

Mr. Milazi confirmed, noting projections were understated in some areas, and there needs to be a better accounting of projected revenue.

Councilmember Alexander stated he believes hotel/motel tax was off due to the newly annexed hotels not being included and agrees there needs to be better forecasting for a more accurate picture.

Mr. Milazi explained that while that is the case in some areas, however, there were also accounts that budgeted \$700,000 for revenue and only received \$150,000 and were clearly not projected properly; and noted the City Council can expect at least one to two budget amendments each year; and noted the original projection for the Amphitheater was over budget \$6 million, and the new number is \$8.1 million dollars, noting expenditures were concealed with transactions being entered in unassociated categories.

Councilmember Alexander reiterated that Amphitheater costs were concealed by placing the expenditures some place else in the budget in an unrelated category, and that the Council was not notified.

Mr. Milazi confirmed.

Councilmember Barber referenced the Citywide Projects line item, and asked which projects are at risk due to a lack of funding.

Mr. Milazi noted the Citywide Project account was being used as a pass-through and referenced the purchase of (6) police department vehicles in the amount of \$471,000.00 that were not budgeted, and the purchase was not approved by the City Council.

Councilmember Barber noted that in December, 2022, the Council was asked to adopt the FY2023 Operating Budget, and the Council by majority voted to adopt the budget, however, she did not vote to adopt the budget because there were insufficient year-to-date numbers presented by staff, and she specifically asked during that budget adoption meeting why the City Council was being asked to adopt a budget when current year numbers were not up to date, noting the question went unanswered; and stated that this Council is very much aware that she has been asking for financial statements, monthly reports, quarterly reports, audit reports for the city's finances since becoming a councilmember in 2020.

Councilmember Barber thanked Mr. Milazi for being transparent, as that is what the citizens deserve; noted her many requests for financial routine reporting, and profit and loss statements for the amphitheater, and was shut down by the Council when requests were made for the city's finances; and that prior to Mr. Milazi coming on board, this Council failed to hold staff accountable, and instead targeted her for speaking up and speaking out regarding the city's financials, stating that her multiple public requests are well documented.

Councilmember Barber stated that she knows the request on the Agenda today from Mr. Milazi is for the Council to approve the Budget Amendment, however, she will not approve it and would not have approved it had it been presented to the Council last year; and asked the Council to hold staff accountable, and for the citizens to hold the elected officials accountable.

Councilmember Berry thanked Mr. Milazi for coming forward with the corrections, for the work that he has done, and for being a champion and asking the questions to get to the end result, stated that he is grateful to him, and wants the city to continue to operate in the manner that he has presented going forward, and wants him to know that he has his full support.

Mayor Pro Tem Gantt stated that she does not want to point fingers, noting the only budget amendment that came to the City Council in 2024 was the \$500,000, and that it is the job of the City Manager and Treasurer to notify the City Council when budget amendments are required; noted there are Minutes that state that all councilmembers should receive information as requested, and referenced the Minutes of April 25, 2024 regarding the operations of the Amphitheater where she asked why Lakeisha Gaines, the City Treasurer at the time was not in attendance of that meeting to provide financial information or answer questions; and that Councilmember Berry raised questions regarding the Amphitheater finances for 2021, 2022, 2023 and 2024; and that Councilmember Thomas stated the Council needs to see the data, and that the Minutes state that she agreed, noting the financials should be submitted; and that Councilmember Barber stated that members of the Council should not micromanage the Amphitheater, but that the General Manager should be working with the City Manager who is to keep the Council updated.

Mr. Milazi stated that based on what he now knows, the reports and information submitted to the Council would not have included correct information.

Mayor Pro Tem Gantt stated that when a member of Council asks for documents, it should be received; and that staff was hired to do a job, and that reports were submitted that stated the Amphitheater was breaking even, noting that had she received a warning from Finance, the Treasurer or the City Manager, she would have acted; and that now that the Council is aware, the job now is to fix the problem; noting those who have created this problem are no longer here, and that she and councilmembers Alexander, Thomas, Berry and Mayor Ford have asked about the financials, and made decisions based on the information that was provided to the Council.

Councilmember Alexander agreed, noting the information the Council received was erroneous information, and that during the Special Called Meeting for the Amphitheater operations, when questions were asked, they were told to stop micromanaging the Amphitheater; stated questions have been raised over the years, noting things did not add up, and that now that the city has brought in a new Treasurer, who has done an amazing job with providing accurate information; noted 2023 shows \$10 million dollars was spent, however, no one sounded the alarm; noted there are policies in place to protect the city, and Mr. Milazi will continue to review and scrutinize every document to help us determine why was the information that was provided to the Council inaccurate; and noted the city should be about solutions.

Councilmember Alexander noted the Council has no knowledge of documents being redacted and is not sure why complete information is not being provided to the public when requested.

Councilmember Barber noted the statements from the April Special Called meeting only contained segments of what she stated during the meeting, and that what was not mentioned was her statement noting the city needs to seek sponsorships to help fund the Amphitheater, and that since January 2020 she has been asking for information, contracts and financials to be sent to the full Council; and that councilmembers told staff not to send information to her specifically, but instead to send information to the Mayor who would distribute the information; noting it does not work like that; and stated that a consensus of (3) members of the Council have received information, and that in November 2024, she had to hire her own attorney to submit a demand letter for financial information, where some of that information was just received today; and noted that she has become a target because she asked questions, and stated the questions and concerns now being raised by members of the Council should have been made when staff was not submitting monthly and quarterly reports; and should have asked why it took ten months to get the audit results.

Mayor Pro Tem Gantt stated the city lost sponsorship opportunities, and that candidates for City Manager have walked away as a result of viewing the city's Council meetings; and that no one has said there needs to be a consensus for information to be released and encouraged everyone to view the Minutes, noting everyone has their own style of doing things, and that you don't have to be loud or show your hand.

Motion to approve the FY2024 Budget Amendment in the amount of \$32,936,517.98 was made by Councilmember Berry; seconded by Mayor Pro Tem Gantt. The motion passed 3-1 (Alexander, Berry and Gantt Approved). (Barber Opposed citing principle).

Ms. Holiday responded to Councilmember Alexander's questions and remarks regarding Open Records Request redactions, and noted Ms. Lester, who is currently the ORR Designee, is doing an amazing job with the voluminous amount of ORR's that have been submitted over the last few years; and noted the standard redactions of personal/confidential information such as date of birth, social numbers, banking information, etc. are routine redactions, however, anything other than standard redactions come to the Clerk's Office as a directive from Legal.

Councilmember Alexander noted the information, and stated there may be a need for further personnel discussions in Executive Session.

5. Council Consideration to adopt the Federal Financial Reports Procedures and Programmatic Progress Reports Procedures.

Presented by Frank Milazi, City Treasurer

Mr. Milazi noted the request comes as a result of audit findings and non-budgeted spending, with processes, procedures and reporting that will be required, with the City Treasurer having the final signature and authority.

Motion to approve adoption of the Federal Council Consideration to adopt the Federal Financial Reports Procedures and Programmatic Progress Reports Procedures as presented was made by Councilmember Alexander; seconded by Mayor Pro Tem Gantt. The motion passed unanimously 4-0.

DISCUSSION

6. Downtown Alleyway Sanitation and Trash Collection

Presented by Kenya Cook, DDA Chair and Warren Washington, DDA Vice Chair

Mr. Washington made a request for grease collection bin and to have the city construct a trash compactor in the alleyway in the rear of the businesses along M L King Sr. Heritage Trail, at the city's expense as a beautification project, noting the request precedes him joining the DDA.

Councilmember Alexander stated the request is in line with the RSVP Plan that was presented by Ms. Moore, and that the attorneys would need to draft a MOU (Memorandum of Understanding) with the DDA for Council approval.

Councilmember Barber noted the request is being made for private business owners who would need to make investments in their properties, noting there needs to be improvements throughout the city, and downtown, however, the concern is these are private investments that were purchased at a low dollar amount and where the investor should be able to make improvements to their private properties.

Mayor Pro Tem Gantt noted there cannot be an approval without knowing the cost of the proposed projects and asked if the city is being asked to pay for the improvements and cannot move forward with the costs.

Councilmember Alexander stated the project is in line with the city's RSVP Plan.

Mr. Cook noted other proposals will be presented to the city down the line, and asked Councilmember Barber what needs to be presented to move these requests forward.

Councilmember Barber's response was that the request presented was not different from what the DDA presented earlier this year at the Council Retreat in March; stated that no previous Council can bind another Council; and stated that she does not feel comfortable with the City funding a private property project 100%.

Mayor Ford noted staff would follow up regarding a MOU between the City and the Downtown Development Authority to be drafted by the attorneys and bring it back to the Council requesting approval.

UPCOMING MEETINGS & ANNOUNCEMENTS: Council meetings will be held in the City Council Chamber. Meeting dates, locations and times are subject to change or contact City Hall offices at 770-389-7900 or visit the website www.stockbridgega.org for updates.

- Planning Commission Meeting, Thursday, June 26th at 6:30 p.m. - City Hall Council Chamber - (Jun 26)
- Citizens Police Advisory Council, 1st Thursday of each month at 6:30 p.m. (Jul 3 CANCELED)
- Community Zoning Information Meeting – Wednesday, Jul 9th at 6:00 p.m. at City Hall in the Council Chamber (July 9)
- Citywide Development Authority Meeting 2nd Tuesday of each Month at 6:00 p.m. – at City Hall in the Levi Meeting Room (Jun 10 CANCELED)
- Main Street Advisory Board Meeting 2nd Friday of each month - at the Downtown Connection Ctr 130 M L King, Sr. Heritage Trail (Jul 11)
- City Council Meeting – 2nd Monday of each month at 6:00 p.m. at City Hall in the Council Chamber (Jul 14)

MAYOR’S COMMENTS

Mayor Ford referenced the recent Juneteenth celebration; noted the officials recently attend the Georgia Municipal Association Annual Conference in Savannah, where Councilmember Barber received a Certificate of Dedication, and that he became an inaugural member of the 400 Club; noted the heat, and asked everyone to stay hydrated, cool and safe.

Motion to adjourn the meeting at 9:50 p.m. was made by Councilmember Barber; seconded by Councilmember Berry. The motion passed unanimously 3-0. (Alexander, Barber, and Berry) Mayor Pro Tem Gantt was not present for the vote.

Respectfully submitted by:

Vanessa Holiday, City Clerk

Anthony S. Ford, Mayor
